

LIBRARY PLANS READY FOR BIDS FOR ANNEX SOON

The Adams County Free Library's plans for the garage-stackroom addition to the main library building are nearly ready for submission to Harrisburg with the opening of bids tentatively set for the next meeting of the board in November.

That announcement was made to the members of the library's board of directors by L. S. Long, chairman of the Property Committee, at the October session of the board Friday evening at the main library.

The addition will furnish garage space for the new bookmobile donated this summer by the Musselman Foundation and will provide badly needed work and storage space, Board President William M. Lott said. One of the matters the board discussed Friday evening was means of raising money to bolster the building fund to meet the cost of the construction work.

President On Bookmobile

President Lott urged board members to accompany the bookmobile on one of its trips for a "wonderful experience." He said he recently spent the greater part of a day guiding the bookmobile over an altered route in the northeastern part of the county, because of highway detours. On the basis of his observations that day, he recommended a similar trip for every board member.

Mrs. Mary S. Wilson, librarian, said Frederick Kurtz, Hunterstown, has loaned the library two of his paintings for display, "Road to the Village" and "Pennsylvania Housewife."

Mr. Long told of progress being made on the development of the parking lot at the main library. The board turned down a request from the day care center for retarded children for a play area to be fenced off on the library grounds. Expressing a sympathetic interest in the center's work, the board said it would be unsafe for unsupervised children to use the grounds during building operations.

Book Total Is 24,000

The statistical report for September from Mrs. Wilson showed the library has accessioned a total of 24,000 volumes since it opened nine years ago. Of that number 4,900 have been withdrawn from circulation because they were worn out. These figures are in addition to the books here on loan from the state library.

The circulation report, with no bookmobile reports included, showed 3,212 loans in September as against 2,897 the same month last year. Of the total 2,403 were made at the main library. The others were from

PROPOSE LOCAL ATTORNEY FOR '10 MEN OF 1954'

Eugene R. Hartman, 33-year-old attorney, was nominated by the Gettysburg Junior Chamber of Commerce Friday for consideration as one of the Nation's Ten Outstanding Young Men of 1954.

Hartman's name and record was submitted by the Gettysburg Jaycees in the national contest held yearly by the U. S. Junior Chamber of Commerce to select the top young men of the nation.

The ten top men, between the ages of 21 and 35 inclusive, will be honored at ceremonies at Louisville, Ky., January 22, during Jaycee Week.

The Ten Young Men of the Year program was inaugurated by the U. S. Junior Chamber of Commerce in 1938 to recognize the accomplishment of men within the ages of membership of the Junior Chamber, and "to present to the world concrete evidence that success in our free enterprise system is still available to those individuals who strive to achieve."

UN SPOKER IS EXPERIENCED IN WORLD AFFAIRS

Dr. Frank Bohn, Blue Ridge Summit, who will be the speaker October 18 at the United Nations Week dinner to be held jointly by the Rotary, Lions, Exchange and Soroptimist Clubs of Gettysburg at the local high school, considers his World War II work the high point of his career.

A distinguished scholar, author, lecturer and teacher, he found his unusual knowledge of Europe and Europeans had placed him in possibly one of the most exciting and unusual positions anyone could have.

The American Joint Labor Committee and the U. S. State Department sent him to Europe in late 1940 with one task—to get out 487 refugees.

"Daredevil" Tasks

All were men and women of importance politically or in various other fields—and their families. They were from Belgium, Poland, even some from Russia who had escaped there originally when the Bolsheviks took over. From Italy, Hungary, Germany and elsewhere.

They had fled to France previously. Then Hitler took over that country and Dr. Bohn got the job of taking the group on another flight to freedom—this time to bring them to England and the U. S.

For a scholar and lecturer, Bohn found himself in numerous daredevil predicaments as he traveled about, locating people who wanted to remain hidden from Hitler and who had to escape by one means or another.

Helped By Underground

Once Bohn took a group to Italy with underground assistance and purchased a ship when he could hire none for a getaway break. The day before his group was to board the ship 13 French officers, seeking to escape to the Free French, stole the boat. Bohn was later rather glad they had. The ship was captured and the officers interned. Bohn's group got out safely by other means.

Toughest trips physically were the walks over the Pyrenees into Spain from France. Babies were born and people died in those flights to freedom.

At one time Spanish frontier police arrested a group of persons Bohn was leading to safety. They were imprisoned in an ancient castle with the lowest windows 20 feet or more above the ground. Bohn made a rescue attempt and failed—and as a result of the attempt was deported from Spain.

Was At Versailles

Bohn will speak from experience of both the League of Nations and the United Nations, as well as from

2 More Committees Named For Campaign

Attorney John A. MacPhail, chairman of the Community Chest Fund Drive, has announced the appointment of two special committees to aid in the drive.

The Business Solicitation Committee, under the chairmanship of David Blocher includes John Pitzer, Vernon Clapper, Walter Lane, Harold Brown, James Reaver, Edward Stine and Robert Hartley.

The Special Gifts Committee, which will approach some individuals before the October 19 kickoff date, has Attorney Daniel E. Teeter as its chairman, and as members, Mrs. W. R. Sammel, Attorney Donald P. McPherson, Donald M. Swope and Charles W. Wolf, Drs. C. Harold Johnson and Granville Schultz, John D. Teeter and Clark S. Smith.

TWO TOWNSHIPS PLAN BANS ON GARBAGE DUMPS

Two more Adams County townships are planning ordinances banning the dumping of garbage.

October 29 Oxford Twp. and Mt. Pleasant Twp. will consider for adoption ordinances at special meetings "prohibiting the dumping accumulation of garbage or rubbish upon private property, further prohibiting the transporting or hauling of garbage or rubbish from points outside of said township into said township and providing fines and penalties for violation thereof."

Oxford Twp. supervisors will meet at the election house on the New Oxford-Hanover State Highway to adopt their ordinance, while the Mt. Pleasant Twp. supervisors will meet at the home of Louis Wagoner, secretary of the board, Gettysburg R. 5.

Fines Provided

The ordinances as drafted provide for fines of not more than \$300 and possible imprisonment for not more than 30 days. They also provide that "any person or persons found guilty of violating this ordinance shall be liable by suit brought in the name of the Township for the cost of abatement of the place that it was unlawfully deposited."

Passage of the ordinance will bring to at least three the number of townships in the county which have passed anti-dumping laws. Berwick Twp. passed such an ordinance earlier this summer to block establishment of a dump for Hanover, New Oxford, McSherrytown and other communities in that township.

The Oxford and Mt. Pleasant Twp. ordinances appear aimed at preventing the change of the dumping grounds to their areas.

LOCAL COUPLE WED TODAY IN XAVIER RECTORY

Miss Dorothy Louise Sease, daughter of Mrs. Cora Sease, 38 E. Middle St., became the bride of John Leroy Hardman, son of Mr. and Mrs. Clarence R. Hardman, 79 Steinwehr Ave., at 11:30 o'clock this morning in St. Francis Xavier rectory. Rev. Fr. Wallace E. Sawdy, assistant pastor, officiated at the double-ring ceremony.

The bride wore a dark grey suit, red accessories and a corsage of red roses.

Mrs. Boyd Rinehart, John St., sister of the bridegroom, was the matron of honor. She wore a rose-colored woolen suit with black accessories and a corsage of white carnations. Ralph Sease, Tuckerton, N. J., brother of the bride, was the best man. The witness was Joseph Jacob, Hanover R. 4.

A luncheon was served at noon at the home of Mr. and Mrs. Boyd Rinehart. Later the couple will leave for a week's honeymoon at Niagara Falls, N. Y. The bride will wear a pale blue suit as her going-away costume.

Mr. Hardman, who attended Delone Catholic High School, McSherrytown, is employed by the Cities Service Oil Company, Gettysburg. The bride who is a graduate of Gettysburg High School, is employed at the Gettysburg Shoe Company.

The couple will make their home at 38 E. Middle St.

Mrs. Ethel Bucher, president, who presided, announced a card party will be held Friday, October 22, at 8 p.m. at the lodge home. The committee in charge will include Mrs. Marie Little, Mrs. Bessie Wright and Mrs. Bucher.

2 Members Enrolled

It was announced Mrs. Annie Deitch will replace Mrs. Marie Keller as the Auxiliary representative to the Adams County Home Auxiliary.

Two new candidates were accepted for membership.

Mrs. Beatrice Cluck and Mrs. Wiser were named to serve on a special committee.

The door prize was awarded Mrs. Bucher and the good-of-the-chapter award to Mrs. Deitch.

An officers' meeting will be held Monday evening, October 18, at 8 o'clock at the lodge home.

Following the meeting refreshments were served by the following committee: Mrs. Yingsst, Mrs. Wiser and Mrs. Gladys Sprinkle.

The next regular meeting of the Auxiliary will be held October 21.

State, Local Officials Inspect 17 Mi. Of New Highway Work In County; Cost Over \$1,248,000

The state Highway Department spent \$1,248,399.23 this year on new road and bridge construction and special maintenance of roads throughout the county, according to a report presented Friday by R. E. Eisinger, district supervisor, during a Pennsylvania Week tour made by state officials with representatives of the Gettysburg Motor Club, the local Travel Council and the Chamber of Commerce.

The new highway was shown during the tour, with the town's representatives expressing themselves as well pleased with the "excellent work" carried out during the past year by the highway department.

Nearly 17½ miles of new construction took place, at a total cost of \$1,039,670.25. The new construction included 156 miles between Zora and the Maryland border on the Zora-Emmitsburg Rd., built at a cost of \$229,867.15 to meet an improved roadway built by Maryland. The 22-foot wide highway has a nine-inch ballast stone base topped with 2½ inches of "hot top" coating.

3 Jobs Underway

An 8.33-mile stretch being completed between Gettysburg and Heidlersburg along the Harrisburg Rd. cost \$213,953.28, with an asphalt surface placed on the 22-foot highway along that section.

The 2.32-mile stretch between Littlestown and Hanover was constructed at a cost of \$247,876.16. The road work included placing of nine inches of large stone ballast, for the 24- to 26-foot road, and a 2½-inch topping.

Cost of the 5.24 miles of road being built from York Springs toward Cross Keys is \$277,973.66. The road is 22 feet in width with a heavy base and 2½ inches of bituminous material topping.

Old Bridges Go

One of the county's ancient wooden bridges, between Littlestown and Hanover over Alloway Creek, disappeared during the summer, to be replaced by a new I-beam concrete deck bridge at a cost of \$10,320.

Also being changed is the old stone bridge across the Mummansburg Rd. being replaced by a 36-foot I-beam concrete deck bridge at a cost of \$28,200.

Blacktopping Is Costly

Placing of a new 40-foot long concrete deck on the Limerick Mill bridge over the Bermudian between Huntington and Tyrone Twp. cost \$3,205.

Blacktopping also comes high, the report on planned and completed maintenance work shows. To place one inch of blacktopping on Buford Ave. and Chambersburg St., a one-mile length 36 feet wide, will cost \$7,705, and the placing of one inch of blacktop on the 35-foot-wide 39 of a mile section on York St. cost \$6,008.

For 2.53 miles of two-inch blacktopping 18 feet wide on the Fairfield road the bill totaled \$23,634. Cost of widening .21 of a mile of the Bigville road, which involved placing of a 10-inch base and 2½ inches of blacktop, on each side of the highway, was \$12,854.

Other Improvements

Cost of placing one inch of blacktop on nearly a mile of two lanes of the Lincoln Highway through New Oxford was \$7,991.

Where placing of the new bridge on the Mummansburg Road cost \$10,320, the cost of four hundredths of a mile approaches to the bridge including putting in an eight-inch deep, 16-foot wide blacktop will be \$2,625.

Treatment of 2.22 miles of Route 01005 in the Mt. Rock area was a \$4,863 job while placing of 4.68 miles of six inch base and 2-inch blacktop to a width of from 16 to 18 feet on the Littlestown-Hanover Rd. cost \$82,993.

The placing of an 18-foot wide, eight-inch base and two-inch blacktop for a quarter mile of Route 01047 between York Springs and Idaville cost \$12,021 and the 2½-inch deep, 16-foot wide, blacktop placed on a little over a half mile of route 01063 in Midway cost \$6,310.

Maintain 561 Miles Here

The state maintains 561.87 miles of road in Adams County, Eisinger told the group. A legislative history of the state department of highways provided the touring group with a yard stick for the vast expansion of the work of the department. Fifty-one years ago when the department came into existence, its appropriation annually was a little over \$1,000,000 per year—less than the amount spent in Adams county alone last year.

The history shows the state operates 41,000 miles of highways, 13,000 miles primary roads, operated by the state since 1912, 25,000 miles secondary system, and 3,000 miles in boroughs and cities.

By the end of 1954 all 41,000 miles will have an all-year surface. Adams County state highways are all at least stabilized, all but 80 miles, approximately, having "blacktop or better."

9,000 Miles of Concrete

In the state 9,000 miles of road are concrete or similar structure.

ZENTZ BUYS NEW PROPERTY

Carroll Zentz, proprietor of a used car lot on Carlisle St., has purchased the Willis Schwartz property at the corner of Carlisle and Railroad Sts., for \$24,000. The purchase includes two apartments and a large warehouse.

Mr. Zentz said he will remodel the property and build a new store-room on the Carlisle St. side. In the rear he is removing a railroad trestle and will build a new parking lot to where he will move his present business. Railroad tracks on the trestle have been removed and several hundred loads of fill will be placed in the new area.

Mr. Zentz has been in business in Gettysburg ten years, eight years of which were at the present location. He recently sold this property and a new diner will be erected on the site.

Mr. Zentz has another used car business in Thurmont which is managed by Lawrence E. Sanders.

The new used lot here will be 130 x 68 feet. It is expected to be completed in six weeks.

PARENTS ATTEND SCOUT SUPPER ON THURSDAY

Boy Scout Troop and Explorer Post 73 held a family covered dish supper Thursday evening at Trinity Reformed Church. Eighty-five scouts and their parents were present.

Eugene Eckert, Scoutmaster of the Troop, conducted a Candlelight Investiture Service, at which Roger Craver became a First Class Scout, and Richard Noel was promoted to Second Class Scout. Those who were awarded Tenderfoot pins were: Howard Weller, Ronald Weller, Roy Gifford, Steven Schmidt, John Ahrens, Jack Heikinen, Kenneth Hull, Charles Bollinger, Norman Plank, Timothy Stearns, and Richard Noel.

Merit Badges were given to Roger Craver, for music and reading, and to Harvey Bollinger for firemanship and swimming.

The Explorer Post gave a cooking demonstration, with Philip Scott as the announcer. The boys participating were: William Swisher, William Woods, David Weikert, Roger Miller Henry Fox, David Schmidt, Fred Snyder, and Herman Smith. The post's activities for October include a visit to the Glatfelter Paper Plant today and a hayride on Oct. 23. Robert Zeigler is the Post's adviser.

Attorney Eugene Hartman, chairman of the Black Walnut District, presented the 1954-5 charters to both organizations.

Co-chairmen for the dinner were Mrs. Robert Zeigler and Mrs. Charles Zhea. The invocation was given by Rev. Dr. Howard S. Fox, and the benediction by Rev. Clyde Brown.

2 Hurt Slightly In Car-Truck Accident

Two men suffered slight injuries when an auto and a tractor-trailer collided at the Heidlersburg intersection Friday night at 8:05 o'clock.

State police said Dale K. Corbin, 47, Warsaw, Ind., was operating the tractor-trailer on the detour from Hampton to Heidlersburg and that a car operated by Sterling E. Kreeger, 55, Spring Grove R. 3, was following the truck.

When the truck stopped for the intersection, the car crashed into the rear of the trailer, police said. James Fitzkee, 54, Mt. Wolf, and Ralph Glatfelter, 63, York R. 8, both passengers in the Kreeger car, suffered bruises of the forehead but did not seek medical attention.

LARGE SWEET POTATO

One of the largest sweet potatoes grown in Adams County this fall is in the garden of Mr. and Mrs. John Kump, near Fairfield. The giant-sized yam is 24½ inches long, 27½ inches in circumference and weighs eight and three quarters pounds. "It is the largest sweet potato I ever had in my garden," said Mr. Kump.

18-Year-Old "Boy Around The Corner" Admits Stabbing Girl, 14, And Four-Year-Old Boy

SPRINGFIELD, Mass. (AP)—"The boy around the corner" was arrested yesterday in connection with the savage two-week-old knife slaying of pretty baby sister Lynn Ann Smith, 14, and her four-year-old charge.

Police Chief Raymond P. Gallagher said Kenneth R. Chapin, 18, a high school sophomore who was a pall-bearer at the girl's funeral, admitted in a signed statement slaying Lynn Ann and little Stephen Goldberg.

Gallagher said Chapin, a 6-foot, 3-inch electrician's son described by teachers and friends as a "good . . . quiet boy," offered no reason for the double slaying.

Sex Not A Factor

Gallagher said the youth, a Boy Scout leader who had never before been in trouble with the police, chain-smoked cigarettes but otherwise was calm as he explained the slaying and readily signed his statement.

Then, Gallagher said, he told authorities where they could find the death knife (behind a chair in his room) and his blood-stained clothing hanging in a kitchen closet of his home.

The police chief said "there is no question of sex being a factor in this case. It definitely is not."

Gallagher quoted young Chapin's statement as saying he began stabbing and beating the girl the moment she opened the door admitting him to the Goldberg apartment in a substantial section of Springfield.

Then, Gallagher went on, the youth heard little Stephen cry. He went to the child's bed and stabbed him and beat him with the wooden knife handle.

Stabbed 34 Times

The bodies were found by the youngster's parents, Mr. and Mrs. Bernard Goldberg, when they returned from a night movie. Lynn Ann had been stabbed 34 times. Her neck was broken. Stephen was

Tourist Corrects Local Guide's Story About Irish Wolfhound; Has Proof

It isn't often that a tourist catches an error in battlefield guides' accounts of the battle here—but it happens once in a while.

An August visitor wrote a battlefield guide last week to supply proof that the Irish Wolfhound is not an extinct animal—as the guide had said on the basis of a carved inscription on the Irish Brigade monument near the Wheatfield on which a recumbent bronze wolfhound rests at the foot of a 10-foot cross.

The letter, containing two pictures of live and very large Irish Wolfhounds, came to J. M. Sheads, Gettysburg High School history teacher and part-time battlefield guide, who had taken Clyde H. Shaffer of the University of Florida over the field late in the summer.

In his letter, Shaffer said he taken one of the color pictures he enclosed. It shows a huge gray dog, standing on his hind legs with his front paws resting on the shoulders of a woman. The dog's head towers above the woman. Shaffer describes the dog as the smallest of three such wolfhounds owned by a friend of his in Pennsylvania. Shaffer adds that he understands there are about 300 of the big dogs in the U. S. A.

The guides had pretty good authority for their statement that the dogs are extinct for, inscribed on the west end of the six-foot bronze slab on which the big wolfhound is stretched out on the Irish Brigade monument, it says: "This, in the matter of size and structure, truthfully represents the Irish Wolfhound, a dog which has been extinct for more than a hundred years. William Rudolf O'Donovan." O'Donovan was one of the sculptors for the monument.

The big bronze dog faces west across the front of the granite monument, his head resting between his front paws with his ears down and eyes wide open, directly above the O'Donovan inscription.

An encyclopedia says the Irish Wolfhound, the largest of all dogs, was "nearly extinct" in the 19th century but the breed was revived by a noted Irish dog breeder.

Guides have relied on bronze inscription on this Irish Brigade monument on Sickles Ave. and told tourists the Irish wolfhound is extinct.

Tourist sent this picture of Philadelphia dog to prove inscription and guides' story are wrong.

DEATHS

Sister M. Irmalita

Sister M. Irmalita, a member of the Sisters of St. Joseph for 52 years, died Friday at Fitzgerald-Mercy Hospital, Philadelphia, after a short illness. For the last 10 years she had taught at the Catholic Home, Philadelphia. Previously she had been a teacher at West Philadelphia Catholic High School, at McSherrytown, at Allentown, and at Bayonne, N. Consider Buying School For Scouts

The possible purchase of the Clearview Schoolhouse for use in the New Oxford scouting program, was discussed by the Scout Committee of Troop 84, which met Thursday evening at the First Lutheran Church, New Oxford.

The school will be sold at public action Oct. 30. A small sum is now available toward its purchase. The balance will have to be raised by public subscription. The school would provide a meeting place for Troops 84 and 83, the Explorers, Cub Scouts and Girl Scouts.

C. P. Keefer presided at the meeting. Others present were: David E. Winebrenner III, William H. Snyder, Richard J. Brindle, Robert Donohue, Rev. George E. Sheffer, Rev. A. C. Rohrbaugh and Merrill Yoh, Scoutmaster.

EDUCATOR SAYS STATE NEEDS A BROAD BASE TAX

HARRISBURG (AP)—A Pennsylvania educator said some type of broad base tax will have to be in effect during the next biennium to adequately take care of state educational financial needs.

"I'm not saying what broad base tax the state should use, but I am saying we most desperately need some form of broad base tax to handle the financial end of state education in the next two years," said Norman C. Brillhart, Reading, president of the Pennsylvania State Education Assn.

Speaking yesterday at the one-day convention of the southern district of the PSEA, Brillhart said that during the next biennium, educational needs will need 80 million dollars more than was needed during the last biennium.

He noted that the state currently is spending half a billion dollars a year on all educational needs.

Brillhart did not specifically mention the current one per cent retail sales tax which has become a heated issue in the Nov. 2 election campaign now in progress.

The Democratic platform calls for abolishing the levy and the Republican tax plank favors its re-enactment by the 1955 legislature.

Some 1,800 teachers attended the program and were told by one of their officers, Daniel E. Lewis, of Hershey, that teaching is the profession that makes all other professions possible.

"Ours is the basic progression... teaching is not only a profession but a love and interest in young children," he said.

Lewis is second vice president of the group which takes in school officials in Dauphin, Fulton, Adams, Lebanon, York, Juniata, Franklin, Perry and Cumberland counties.

STEVENSON IS RALLY SPEAKER

LOS ANGELES (AP)—The Democrats of Southern California rally 'round a home-town boy, Adlai Stevenson, in Hollywood Bowl to night in a key campaign effort.

The 1952 Democratic nominee for president is scheduled to deliver the principal speech before an expected sell-out crowd of 20,000.

Party backers describe the rally as "one of the greatest in recent years" here.

About 300 party leaders have contributed \$100 or more each for the privilege of having a buffet supper with the former Illinois governor before the program gets under way.

Last night in Oklahoma City, he predicted a revival of Democratic party strength in the November elections.

Actress Gets Two Children And Cash

SANTA MONICA, Calif. (AP)—Marie McDonald will have custody of her two adopted children and husband Harry Karl will pay \$500 a month for their support by terms of an agreement submitted for Superior Court approval.

The petition was filed yesterday preparatory to the actress's suit for divorce. The children are Denise, 4½, and Harrison, 4.

Karl, wealthy shoe retailer, earlier agreed to a \$350,000 personal settlement with Miss McDonald.

NO THREAT YET FROM "HAZEL"

MIAMI, Fla. (AP)—Hurricane Hazel whirled its 125-mile-per-hour winds in the central Caribbean Sea today still on a west-northwest course that posed no immediate threat to land.

Navy hurricane hunter planes were not penetrating the great disturbance because of its violence. They were warned away from it after a crewman of a plane was injured.

The San Juan, P.R., Weather Bureau called Hazel "very dangerous." It was expected to continue on its west-northwest course in the open Caribbean Sea today. The present course would take it south of Jamaica.

C. E. CASSELL RETIRES
HARRISBURG (AP)—C. E. Cassell retired yesterday from the \$8,360-a-year post of chief of the U. S. Agricultural Stabilization and Conservation Committee for Pennsylvania.

Cassel, who held the position for 18 months, said he probably would be succeeded by Ralph Culver Laceyville, Wyoming County.

"However, this nomination must still be approved by Ezra T. Benson, U. S. Agriculture Secretary," Cassel said.

ACCUSE RUSSIA OF LYING ABOUT SHOOTING DOWN OF B50 BOMBER

WASHINGTON (AP)—The United States today accused Russia of having "willfully and knowingly" lied about the shooting down of an American B50 bomber over the Sea of Japan in July, 1953. It filed a formal damage claim for \$2,735,482.94.

At the same time the United States challenged Russia—if the Communists deny liabilities for the damages—to join in taking the dispute to the International Court of Justice.

Ambassador Charles E. Bohlen delivered the 17-page American note to the Soviet Foreign Office in Moscow today.

To Let U.N. Nations See
In Washington, the State Department made the note public and announced that U.N. Ambassador Henry Cabot Lodge Jr. has been instructed to circulate the text among the members of the U.N. Security Council.

It was the second time that the United States resorted to this extraordinary procedure in pressing what is clearly a campaign to get satisfaction from the Soviet Union for the destruction of American aircraft. The first instance was two weeks ago when Washington asked some 1½ million dollars for a B29 shot down off northern Japan in October, 1952.

There have been a number of cases where Soviet fighters attacked U.S. planes near Russian borders.

On Deliberate Orders
The incident in today's formal diplomatic note occurred on July 29 last year and resulted in 16 American dead or missing.

The American account said the B50 with 17 crewmen aboard was on a flight over the Sea of Japan and approached within 40 miles south of Cape Povorotny, which is in the region of Vladivostok.

It charged that at least two Soviet jet fighters—"upon the deliberate and willful orders of competent Soviet authorities"—attacked the big plane without warning and destroyed it.

One Rescued
One of the crewmen, Capt. John E. Roche, the co-pilot, was rescued by American aircraft and naval vessels assisted by an Australian ship.

Three men died as a result of the attack, the Soviet Union was told, and 13 remained unaccounted for, despite a series of notes presented to Moscow in the past asking for information about them and for the release of any who may have been rescued by Soviet ships in the area.

The note said that a dozen Soviet motor boats, an armed trawler and Russian planes were seen near where the B50 crashed into the sea.

GUARD DIGNITY OF COURTS BUT BAN CENSORSHIP

By JOHN KOENIG JR.
HARRISBURG (AP)—A pledge to preserve the dignity of the courts but a refusal to submit to compulsory censorship of court news was voiced here by a top newspaper executive.

Alexander F. Jones, executive editor of the Syracuse, N. Y., Herald-Journal, said yesterday that limitations on court reporting advanced by the legal profession in effect "go back to the old British court rules of contempt for the press."

"It is a dream of returning to the powdered wig and the Uriah Heep attitude of old England toward the press," he declared.

Jones reviewed effects on court reporting wrought by canons of the American Bar Assn. before the 30th annual convention here of the Pennsylvania Newspaper Publishers Assn.

Hold Panel Sessions
Closing day today saw final panel sessions for weekly and daily newspaper representatives and the last general session at which a successor to I. Z. Buckwalter, as PNPA president was to be chosen.

Buckwalter is general manager of Lancaster Newspapers, Inc., at Lancaster.

W. Randolph Burgess, under secretary of the treasury for monetary affairs, will make the final major address of the convention at tonight's banquet.

Gov. John S. Pine also was to be on hand. Invitations went to Lt. Gov. Lloyd H. Wood, Republican candidate for governor, and Sen. George M. Leader, Democratic nominee.

Paul R. Eyerly, publisher of the Bloomsburg Morning Press, was elected president of the Pennsylvania Associated Press at a meeting of the group in conjunction with the PNPA.

Eyerly succeeds James S. Lyon, vice president and general manager of the Washington, Pa., Observer and Reporter.

W. F. Kegel, publisher of the Ellwood City Ledger, was named vice president and Joseph Snyder, chief of bureau of the Pennsylvania AP, was reelected secretary.

Mr. and Mrs. Thomas Dunlevy, Ocean Grove, N. J., are guests this week end at the home of Mr. and Mrs. William Wright and family, Aspers.

Mrs. C. J. Tyson, Gardners, is spending some time with her niece, Mrs. Richard Lambert, Worcester, Mass. Mrs. Lambert is formerly of Flora Dale.

The Volunteer Sunday School Class of the St. Paul's Lutheran Church, Biglerville, will hold its regular monthly meeting Tuesday evening in the parsonage at 8 o'clock. The program and hostess committee consists of Mrs. H. W. Stiernat, chairman, Mrs. George Slaybaugh, Miss Alma Miller and Mrs. Vincent Hawbecker.

The Ever Ready Sunday School Class of Zion Reformed Church, Arendtsville, will meet in the social room of the church Tuesday evening at 7:30 o'clock. Mrs. Marshall Longenecker, Mrs. Charles Slonaker, Mrs. George Gochnaur and Mrs. Raymond Mayer will be the hostesses.

Mr. and Mrs. Robert Haggerty and son, Robert 3rd, and daughter, Tampa, have returned to their home in Rockaway, N. J., after spending a week as guests of R. C. Walter and Mrs. Viola Ecker, Biglerville.

Sunday morning the congregation of the Bender's Lutheran Church, Biglerville, will have the opportunity to add their nominations to the council-nominated members for the offices of elder and deacon. The election of officers will be held on Sunday, October 17, at 9:30 o'clock.

The following children are enrolled in the upper community kindergarten which started its sessions this week in the Bendersville Grade School building: Erick Bergdale, Carolyn Black, Rick Bream, Anne Carey, Charles Galusha, Douglas Kime, Shelley Shillito, Catherine Slovack and Richard Wahl. Mrs. Marvin Fox, Bendersville, is the instructor of the group.

VIRUS HAS MARILYN
HOLLYWOOD (AP)—Marilyn Monroe was at home today fighting off a recurrence of a flu virus.

The actress, after suing husband Joe DiMaggio for divorce Tuesday, returned to her studio for work Thursday but yesterday she complained of illness and was sent home. The studio said she is due back Monday.

State, Local

26,100 are macadam or macadam type, 5,700 miles are stone gravel, etc., and 200 miles are unimproved earth roads, none of which are in Adams county.

The state has 1,476 miles of three-lane highways, 233 miles of four-lane undivided, 230 miles of divided four-lane and 50 miles of more than four-lane width. The state highway system represents 41 per cent of all public roads and streets in the Commonwealth and the mileage of the Pennsylvania state highways is greater than the combined state highway mileage of the six New England states plus New York, New Jersey, Maryland and Delaware.

Michael Thear, local superintendent of highways and O. D. Ferrar, construction engineer, were the other state highway officials with Elmsinger in conducting the Gettysburg residents on the tour Friday. The local delegation included Henry M. Scharf, president of the Gettysburg Automobile Club; LeRoy E. Smith, president of the Gettysburg Travel Council, and John D. Teeter, a director of the Gettysburg Chamber of Commerce.

Littlestown ODD FELLOWS WILL INSTALL MONDAY NIGHT

Installation of officers will take place at the meeting of Sylvania Lodge No. 613, Independent Order of Odd Fellows, on Monday evening, at the meeting, at 8 o'clock in the lodge rooms on E. King St. John D. Settle, district deputy grand master of Adams County, and his staff from Gettysburg No. 124, IOOF, Gettysburg, will conduct the installation.

Charles Crabb, of town, received the \$80 worth of merchandise certificates at the Good Will Day program last evening. The four certificates, each redeemable for \$20 in merchandise, were issued by Geisler's Furniture Store, George's Restaurant, Marvin's Cut-Rate Store and Stites' Jewelry Store. A huge crowd attended the program, which is a weekly event sponsored by the Littlestown Chamber of Commerce.

About 35 members of Intermediate Girl Scout Troops 16 and 28, and a few guests, enjoyed a hike on Friday morning. The Scouts, accompanied by several Senior Girl Scouts, and supervised by their leader, Mrs. John C. Forry, hiked approximately six and a half miles. The group left town at 10 a.m. and hiked out the Mill Rd., down Boyer St., and returned about 12:30 p.m. by way of the Littlestown-Westminster Rd. Each girl had her own nose bag lunch, which was eaten en route home. On Tuesday evening at 7 o'clock Troops 16 and 28 will go on a hay ride. The Scouts will leave from the engine house, and each must present her parent's signed permission slip before leaving.

"WHEN LEAVES FALL"

The falling leaves are dressed in gold . . . with silver in their hair . . . they twist and turn like gay gazelles . . . then dance upon the air . . . the falling leaves play merry tunes . . . while rustling along . . . and mankind always yearns to hear . . . their most entrancing song . . . each autumn time leaves tumble down . . . toward Dame Nature's breast . . . tired of the summertime . . . in search of peaceful rest . . . roll on, wild leaves, then slowly fade . . . your lifetime nears its end . . . while you were here you were indeed . . . a dear and faithful friend . . . mankind is likened to the leaves . . . for when winter breaks through . . . men fall along life's wayside . . . and bid the world adieu . . . leaves break apart then disappear . . . o'er field and stream and glen . . . but just like magic they return . . . when springtime comes again.

Richard A. Little Jr., Miss JoAnn O'Kul and Robert Yingling.

There are three programs scheduled for the Gettysburg series this year, and the programs will be held in the new chapel at Gettysburg College. The first entertainer will be William Warfield, the bass soloist who appeared in the original "Showboat" production. The date of Mr. Warfield's appearance will be announced later. Members may attend the programs in Hanover, Chambersburg, Waynesboro, Frederick and Carlisle, as well as in Gettysburg.

The Alloways Homemakers Club met on Thursday evening at the home of Mrs. Clarence Shultz, near town. The group elected Mrs. Shultz chairman of the club, and Mrs. Walter Shriver was elected news reporter. It was announced that a county extension program on the selection and care of kitchen knives will be held on Thursday, Oct. 14, in the Adams County Cooperative building, Gettysburg, and Mrs. A. C. Oberlander and Mrs. Maurice Hiltbrich were selected to attend. The next meeting of the Homemakers will be held on Thursday, Oct. 21, 8 p.m., at the home of Mrs. Shultz.

Oliver Erb and John C. Forry will be in charge of the program for the October meeting of the Men's Brotherhood of St. John's Lutheran Church on Monday at 7:30 p.m. in the church social hall. The refreshment committee for the event includes W. E. Stites, Albert Starnier and Luther Spangler. The Junior Fellowship of Centenary Methodist Church will meet on Monday evening at 7 o'clock in the social room of the parsonage. Members of the new Brownie Troop in the community will meet on Monday afternoon at 4 p.m. at the engine house, to go on a hike. The girls will return to town about 5:30 p.m. Each Brownie must present her parent's signed permission slip before hiking.

AUDIT PAY CLAIMS

POTTSVILLE, Pa.—The office of the Bureau of Unemployment Security has started an audit of jobless pay claims of Schuylkill County independent miners in an effort to identify alleged false applications.

A bureau spokesman said yesterday that preliminary investigations show some claimants have signed for benefits while operating coal holes. The spokesman said the bureau will seek repayment.

Takes 2nd Place In Talent Show

Hugh Roberts, son of Mr. and Mrs. Hugh Roberts, Gettysburg R. 5, tied for second place in a talent show at Dillsburg Thursday evening. A cornet player, he recently won the Southern States Co-op contest at Taneytown and will compete in the district elimination at Winchester, Va., on October 21.

Roberts, an eighth grade student at Littlestown High School plays in the Littlestown High School band, the Lyric Band, Hanover, and the Westminster Municipal band.

Miss Virginia Koonz, daughter of Mr. and Mrs. Roy Koonz, Littlestown R. 1, and Miss Barbara Waltman, daughter of Mr. and Mrs. Henry Waltman, 569 Glenwyn Drive, student nurses at Garfield Memorial Hospital, Washington, D. C., arrived home Friday evening to spend the weekend with their parents.

Miss Marietta Weikert, W. King St., left Friday to spend the weekend with Miss Sandra Harris, Lancaster.

HEARD MOTHER SCREAM BEFORE SHE EXPIRED

NORRISTOWN, Pa.—An 11-year-old child, called as a commonwealth witness in a habeas corpus hearing granted her father, testified she heard her mother scream "Let me go" shortly before she died of a skull fracture in her home.

The father, Anthony J. Ferst, 46, is seeking to be freed on bail pending his trial on charges he caused the death of his wife in their Conshohocken, Pa., home last Sept. 27.

Ferst contends his wife died as the result of a fall. One of his 12 children, Joy, testified yesterday that she went upstairs with her school lessons when her father returned home after visiting a neighbor by taproom Sept. 27.

Asked if she heard any sounds from downstairs, Joy said: "Yes, mommy and daddy were quarreling. There was a noise like pounding in the parlor. I heard mommy say 'Let me go.'"

A short time later, the girl testified she was called downstairs by her father and told to clean off the kitchen table.

"I saw mommy lying on the floor," she said, "and I ran out of the house."

Montgomery County Judges E. Arnold Forrest, William F. Dannehower and Harold G. Knight, who heard the testimony, set bail at \$7,500.

PROBE DEATH OF YEAR-OLD GIRL

LOCK HAVEN, Pa.—Police today checked an autopsy report on a 13-month-old girl who was pronounced dead on arrival at the hospital here Thursday.

Coroner Roy Bryerton, Clinton County, said an autopsy showed Dorothy Jean Pruey died of a blood clot on the brain.

"This child got a terrible beating at some time or another," Bryerton said.

Two weeks ago, he said, the girl was admitted to the Lock Haven Hospital suffering with a fractured leg and two black eyes.

No explanation of the girl's injuries at that time was available. The coroner said he turned the matter over to police who said they are investigating.

The child's father, Kenneth Pruey, was in Texas at the time of the girl's death. He is stationed there with the Army.

Police said Donald Andrus, 23, who they described as a friend of Mrs. Pruey, called for help when he saw the girl was suffering.

The Prueys have two other children, both girls. Dorothy Jean was taken to the hospital from her home.

Nab 26 Youths For Rowdiness

PHILADELPHIA—Twenty-six youths were arrested last night after an outbreak of rowdiness in which a gang took over operation of a street car and terrorized three passengers.

The young rioters took control of the street car following a high school football game in West Philadelphia.

Twenty-three, who gave their ages as under 18, were removed to the youth study center. The three others were charged with disorderly conduct and held for hearings.

Because of their literary patrons, English coffee houses were once called "penny universities."

Littlestown 7 CUB DENS ARE RE-ORGANIZED

The seven dens of Littlestown Cub Scouts were reorganized at a meeting of the Cub officials and den mothers of Cub Pack No. 84, held on Wednesday evening at the engine house. Plans were also made for the first pack meeting, which will be a combination Halloween party and awards ceremony on Monday, October 25, 7 p.m., in the Fish and Game club house, near town.

All boys attending are asked to come in costume. Costume awards will be given. Parents and families of the Cubs are also invited to attend. At this time the new den mothers will be announced.

Boys who wish to join the Cubs, and are eight years of age, may obtain application blanks from any of the den mothers or other Cub officials and they must be returned by October 15.

The new den arrangements, including those new boys who have already returned their application blanks are as follows: Den No. 1, Mrs. Lewis U. Motter, den mother, Donald Bevenour, John Dutera, Richard Motter, Ronald Smith, Lloyd Bortner, Timothy Stites and Larry Alfolt; Den No. 2, Mrs. William Withrow, den mother, Jack Withrow, Richard Bankert, Jack Kraft, Brian Long, Ronald Benner, Gregory Smith and Jay Sents; Den No. 3, Mrs. David Shildt, den mother, Billy Basehoar, Joe Boyd, Carl Ritter Thomsen Shildt, Richard Hornberger, Ronald Ooster and Wayne Good; Den No. 4, Mrs. Kathryn M. Hahn, den mother, Terry Morelock, Frank Basehoar, Jeffrey Breighner, Terry Crabb, Charles Hahn, Robert Hahn and Donald Arbogast; Den No. 5, Mrs. Charles E. Ritter, den mother, Jerry Sherman, Billy Ritter, James Kroh, Larry Myers, Robert Hershey and John Stambaugh; Den No. 6, Mrs. Paul R. Snyder and Mrs. Paul M. Bowman, den mothers, Fred Snyder, James Bowman, Paul Bowman, Dwight Strevig, Terry Reinman, Ralph Kunkle and James Bower; Den No. 7, Mrs. Robert Gitt, den mother, Jon Newman, Alvin Zeigler, Randolph Yohn, Douglas Gitt and Billy Woodward.

Instead, it suggested the hearings be rescheduled for Nov. 4, two days after the elections. It said "an overwhelming number" of the legislators found their campaigning duties too heavy to hold hearings now.

Welcome Postponement
The contract provides that the Dixon-Yates private utility group build a plant to send electric power through Tennessee Valley Authority public power lines.

The Senate already is scheduled to meet in special session Nov. 8 on the move to censure Sen. McCarthy (R-Wis.).

Some Republican senators said privately they were more than pleased by news of the Dixon-Yates postponement. They said they had considered it would be a mistake to provide such a forum for foes, particularly Democrats, of the proposal.

Sen. Kefauver (D-Tenn.), a leading critic of the contract, applauded the postponement and said "I think the hearing got too hot for them to handle before the elections."

The plan calls for private utility companies headed by Edgar H. Dixon and E. A. Yates to build a generating plant at West Memphis, Ark.

DOOMED MAN GETS NEW LIFE

SAN FRANCISCO—Convicted kidnapper Caryl Chessman had another tenuous lease on life today, and another legal victory in his six-year fight to avoid the gas chamber.

The State Supreme Court Thursday refused to vacate the stay of execution one of its members granted the 32-year-old author of "Cell 2455, Death Row" on July 29, the eve of his most recent date with death.

That means Chessman's case is again in the hands of the Supreme Court of the United States and he cannot be executed until at least 60 days after that court acts. Chessman's attorney, Berwyn Rice, said he understood the high court plans to consider the case Wednesday.

The court may accept the case and call for written briefs. Or it may refuse to consider the case, as it has once before.

Ike Cut Off Air Because Of Overtime

DENVER, (AP)—President Eisenhower was cut off the air both on television and radio, when his speech to a Republican rally here last night ran overtime.

The nationwide audience missed three paragraphs of the President's address and also missed a standing ovation given him at the conclusion of the talk by some 5,500 persons who jammed Denver's Auditorium.

A spokesman for the Columbia Broadcasting System said the cut-off at the end of a paid political program was in line with long standing procedure.

DIXON-YATES CONTRACT IS ON THE SHELF

WASHINGTON—The Dixon-Yates contract was on the shelf until after election today "at the suggestion," the Senate-House Atomic Energy Committee said, "of members representing both political parties."

This was the committee's wording yesterday in wiring its 18 members there'll be no public hearings next Wednesday, as had been planned, on the much-disputed private power proposal.

Instead, it suggested the hearings be rescheduled for Nov. 4, two days after the elections. It said "an overwhelming number" of the legislators found their campaigning duties too heavy to hold hearings now.

The contract provides that the Dixon-Yates private utility group build a plant to send electric power through Tennessee Valley Authority public power lines.

Accused Man Must Face Murder Trial

POTTSVILLE, Pa.—A mental commission has decided that William Wilchusky, 25, of nearby Port Carbon must stand trial on a murder charge in the shotgun slaying of a 34-year-old neighbor Oct. 1.

The commission, composed of Dr. Frederick H. Kramer, superintendent of Wernersville State Hospital and Dr. William Szurek of Pottsville, said yesterday that Wilchusky was under severe emotional strain at the time of the slaying of Albert Smulktis, but was able to distinguish right from wrong.

"Spring peepers," zoologically known as Hyla crucifer, are found from Manitoba to Kansas and eastward.

ULA DELEGATES DISCUSS WOMEN SERVING CHURCH

Dr. Walter C. Langsam, president of Gettysburg College, was re-elected a member of the Board of Publication of the United Lutheran Church at its biennial convention in Toronto Friday.

TORONTO (AP)—Are Lutherans too restrictive about giving women special status as servants of the church?

This question was up for debate today at the convention of the United Lutheran Church in America.

A plan to give women more freedom in becoming deaconesses was proposed in a reorganization plan at the denomination's biennial convention.

The idea stirred a flurry of opposition yesterday among delegates, who declared such a role should be given only to those who entered it for life.

The church, which does not ordain women ministers, has a diocese—a special status—for single or unmarried women who pledge full-time service to church work.

The present concept for such a position is "too restrictive," a commission on church reorganization said.

"The present tendency is to make a diocese a sisterhood which approaches an order," declaring the door should be opened to more women in this category, the commission recommended that any woman who gives full-time church service—temporarily or for life—be eligible.

H. Ober Hess, of Norristown, Pa., denounced the plan, saying it would "open the diocese to transient women workers" who are only in the work until something better comes along. And would destroy the "distinctive character" of the diocese.

Hess proposed that the plan be changed to give deaconess status only to those who contemplate permanent work in that category.

The convention, representing 2,150,000 members across the United States and Canada, approved a huge, two-year evangelism program.

It will cost more than half a million dollars, and feature special missions of preaching, home visitations and other activities.

Pick Schoolgirl To Marry Prince

TOKYO—A 17-year girl who now walks to school may some day be empress of Japan. The magazine Sangyo Keizai says Hatoko Kitashirakawa is the "official choice" to marry Crown Prince Akihito, with a formal announcement due Nov. 3.

Miss Kitashirakawa is the daughter of an imperial prince, Maj. Nagahisa Kitashirakawa, killed in the Mongolian border clash with the Russians in 1937. Like many princely families, the Kitashirakawas have fallen on evil days and lost their titles since Japan's dreams of empire blew up. The family is so poor it cannot own an automobile.

The young lady wears an Audrey Hepburn hairdo, as do many Japanese girls. She has met the prince at least once, on a public swimming beach, and probably they played together as small children. But there is no hint they are going together. Romance is not important in royal marriages here.

French Withdraw From Hanoi Area

HANOI, Indochina—The French pulled out of Hanoi tonight, in advance of Communist-led Vietminh occupation forces.

French colonial soldiers brushed away tears as the tricolor, which had flown almost unbrokenly over the city 71 years, was lowered for the last time.

The last French withdrew in orderly fashion according to plan. There was no confusion.

The Vietminh, with whom the French fought a bitter seven-year war, started edging toward the city at dawn. By mid-afternoon they were in possession of Bac Mai, the big military airport on the outskirts. At nightfall they were in the suburbs.

Tomorrow, the red gold-starred Vietminh flag will fly over Hanoi under terms of the July 21 Geneva Armistice agreement, which turned over the northern half of Viet Nam to the Reds.

THE HUMAN VOICE

Just think of the emotions, mean-
ings, and widespread influence that
the human voice creates. When
kind, gentle, and when strapping in
a covering of love, there is no tell-
ing as to the extent of its good
offices. There are some voices that
have come to us that go right to
the soul for a lifetime care and
remembrance.

We are all influenced by the
human voice to a greater extent
than we ever realize. I have a
friend who has a beautiful sailing
yacht, and I have often been his
guest while sailing it, but what
has impressed me most has been
the calm, quiet, and decisive voice
that he possesses. Each command
to his crew uttered in a voice
that might easily have been spoken
in a drawing room.

A kindly, pleasant voice always
lingers with one long after the one
who expressed it has departed.
You learn a great deal about a per-
son the moment you hear his
voice. It seems to point right at
character itself, interpreting it. I
have read that in the training of
a dog a quiet voice should be used.
An angry voice is a tragic thing.
It leaves wounds when used.

Long after those whom we have
known and loved have gone to
their last sleep, the voice remains,
framed in memory—unforgettable.
It isn't so much what one says
but the way in which it is said
that is significant. A pleasing
voice is always welcomed. People
like to listen to it.

How interesting it is to note how
a dog responds to different voices.
How quick he is to answer to the
call of the one who feeds him or
who loves him most. One of the
most magnetic of all voices of
public men that I have listened to
was that of William Jennings Bryan.
He had a kindly, friendly person-
ality, and it was reflected in his
voice. He also had convictions that
gave his voice greater power. Sim-
plicity in a voice gives it great
wings!

REST
"Take a nap," the doctors say.
"Sleep at least two hours a day.
Either bed or sofa use.
Dressed or undressed, as you choose.
Bear in mind, for many ills
Rest is better far than pills.

"There's no tonic that's so cheap
As an hour or two of sleep.
Rest throughout the afternoon,
You can throw away the spoon.
Just before a dose you take
Bottled stuff you needn't shake.

"When you settle down to nap,
There's no powder to unwrap.
There's no capsule after meals
That so surely soothes and heals.
Of all medicines the best
Is an hour or two of rest."

END HEARINGS ON FHA PROBE; DOOR LEFT OPEN

By JOE HALL

WASHINGTON (AP)—The Senate
Banking Committee closes out a
series of hearings in its housing
probe today but Chairman Cape-
hart (R-Ind) said anyone who feels
injured by the testimony so far
will still get a chance to appear.

Capehart told reporters this spec-
ifically includes Rep. Preston (D-
Ga.), who earlier in the week ac-
cused the Indianan "of indulging
in character assassination and . . .
in politics on the eve of an elec-
tion."

The committee Thursday unfol-
ded testimony that Preston was an
unlisted stockholder in a Federal
Housing Administration (FHA) in-
sured apartment project at Savan-
nah, Ga.

Made \$50,000

Capehart himself testified that
the House member, now running
for a fifth term, made almost \$50,-
000 out of the deal. He said he
might never have brought the case
into the open had not Preston made
his blast in a Georgia speech.

Preston himself acknowledged
he made a profit, but said it was
an entirely legitimate transaction.
After today, Capehart said, the
committee will devote most of its
remaining time for the investiga-
tion— slated for another four
months or so—to preparing a re-
port on its findings.

But he said that any person who
feels harmed by the testimony in
the probe so far will be given a
chance to file a statement or to
appear in person, probably at a
November hearing. At least one
such request to testify already has
come in, he said.

The committee's hearings began
last April and have included a
nationwide tour extending to half
a dozen major cities.

Mayor Accuses Preston

Thursday's testimony that Pres-
ton was an unlisted partner in the
Savannah project Russell Apart-
ments came from Mayor William
A. Bowen of Statesboro, Ga.
Bowen said he and James L.
Sundy were stockholders of record
in the sponsoring corporation,
which obtained the FHA-insured
mortgage in 1950.

One third of the stock, he testi-
fied, was issued to Sundy, one
third to himself and the other third
was listed in his name "as nominee."
He said he acted as the con-
gressman's request, but didn't
know why Preston did not have the
stock listed in his own name.

Bowen said that before the project
was completed, the sponsoring
corporation sold its stock to the
construction company— Byck-
Worrell—for \$150,000. He said the
initial investment was \$70,000.

Since he, Sundy and Preston each
put up a third of the \$70,000, or
\$23,333, Bowen said, each chalked
up a profit of about \$47,000.

WOULD HAVE U.S. PUT UP MOST OF HIGHWAY FUNDS

By ED CREAGH

WASHINGTON (AP)—The Ameri-
can Municipal Assn. called on the
federal government Friday to put
up 60 per cent of the money for
the 50-billion-dollar highway pro-
gram proposed by President Eisen-
hower.

Mayor A. E. Cobo of Detroit,
speaking for the association, drew
backing from representatives of
the American Trucking Assn. and
the National Assn. of Motor Bus
Operators. They suggested that the
federal government foot the entire
bill for modernizing the nation's
network of interstate highways.

John V. Lawrence, managing di-
rector of the truckers' group, said
it will take 20 billion dollars over
the next 10 years to bring the inter-
state highway system up to modern
standards.

Two Weeks Of Hearings

Cobo and Lawrence were among
a dozen witnesses to go before a
special presidential advisory com-
mittee. The group headed by Gen.
Lucius B. Clay is winding up two
days of hearings into ways and
means of putting Eisenhower's
program into effect.

The President said more than
50 billions must be spent in the
next 10 years to modernize high-
ways and make them adequate for
defense.

Thomson's Opinion

Cobo endorsed the program and
suggested that the federal govern-
ment concentrate on improving
"the nation's strategic defense
highway system." He said federal
and state governments should work
together on other roads, particu-
larly in and around major cities.

H. A. Thomson of Paoli, Pa.,
president of the National Assn. of
Township Officials, said Congress
should restrict itself to putting up
money for the highway program
and allow state and local agencies
to execute it. And he suggested
that federal gas taxes be repealed
and reenacted immediately by the
states.

FLIER INJURED BY HURRICANE

MIAMI, Fla. (AP)—Violent turbu-
lence in Hurricane Hazel Friday in-
jured a crewman aboard a Navy
storm hunting plane.

The hurricane, hurling 115-mile
winds around its well-defined eye,
has become so turbulent that the
Navy pilot radioed "no further
penetration advised."

Hazel, eighth tropical storm of
the season, then was centered
about latitude 13.5 north, longitude
71.44 west, or about 100 miles due
north of the Gulf of Venezuela on
the southern coast of the Carib-
bean Sea. It was about 1,000 miles
southeast of Florida.

Grady Norton, chief storm fore-
caster at Miami, said Hazel "is
getting to be a very severe storm."
It continued to move almost due
west, but its forward motion had
slowed down to less than 10 miles
an hour.

ALLIES DISCUSS BONN FREEDOM

BONN, Germany (AP)—Allied and
German experts began work Friday
on technical problems connected
with the London agreement to
grant West Germany sovereignty
as soon as possible.

Legal and political experts of
the U.S., British, and French high
commissions got together this
morning. Later Friday they were
to meet with the Bonn govern-
ment's legal adviser.

The experts will report to the
nine-power Foreign Ministers Con-
ference in Paris on Oct. 21.

Their main task is to revise the
Bonn convention drawn up to pro-
vide West Germany sovereignty in
connection with the defunct Euro-
pean Defense Community treaty.

The convention provided in great
detail for future Allied-German re-
lations.

West German sovereignty and
rearmament are no longer directly
linked. But as Allied armies will
remain in Germany, much of the
former agreement will still be ap-
plicable.

FIRE DAMAGES PARISH HOUSE

HAGERSTOWN, Md. (AP)—An early
morning fire gutted the four-story
parish house and Sunday school
building of St. John's Episcopal
Church here Friday, causing a ter-
rible rush-hour traffic jam.

All four Hagerstown fire com-
panies fought the blaze which was
believed to have started in the
boiler room.

The church proper, built in 1873,
was not burned but suffered smoke
and water damage and the rector,
the Rev. Kenneth M. Gearhart,
said services would be held else-
where Sunday.

The church is located near the
intersection of U. S. 40 and 11 and
traffic was slowed considerably as
police rerouted cars around hose-
clogged main streets.

Smoke filled the church and
water covered the floors, but the
Rev. Mr. Gearhart said he was
confident no serious damage was
done.

Office Boy Had \$150,000 Estate

WASHINGTON (AP)—Relatives and
friends of a 68-year-old office boy
were surprised yesterday when
they learned the amount of his
estate, an estimated \$150,000.

The wealth of John W. Nelson
was disclosed by investigators for
the Cook County Coroner's Office
who had gone to his room search-
ing for a cemetery lot deed.

They found bank books showing
savings accounts totaling \$16,000
and a key to a safe deposit in a
Loop bank. In the bank box were
17 different stock issues valued at
about \$120,000, \$68,900 in cash, and
\$6,900 in U.S. savings bonds. No
will was found.

Nelson, a bachelor, died Tuesday
of a heart attack.

Studies show the largest num-
ber of Texans are most comfort-
able in summer when temperature
is 78 and humidity 50 per cent.

Each American has an average
of 39 horsepower available for his
use today compared with half a
horsepower per capita in 1899.

STATE HEALTH PROGRAM GIVEN \$110 MILLIONS

NEW CASTLE, Pa. (AP)—Lt. Gov.
Lloyd H. Wood, Republican candi-
date for governor, said Friday ap-
propriations for the common-
wealth's health program have dou-
bled to more than 110½ million
dollars in the past five years.

He cited the figures in pointing
to action by the Republican ad-
ministration in meeting what he
termed "the tragic needs of the
unfortunate men, women and chil-
dren."

"It will be my aim to call to
our aid every modern advance in
medical science and to provide
adequate funds for these great
humanitarian purposes, consistent
with the sound economy of the
commonwealth."

"That is my pledge to the people
of Pennsylvania. It is the pledge
of the Republican Party. It is a
pledge that will be fulfilled."

Wood said more than 151 millions
have been spent on more than 300
mental health projects since 1949.

Will Curb Idleness

The GOP candidate told a party
rally Thursday night at Washington,
Pa., that, if elected, he will take ag-
gressive steps to relieve unemploy-
ment.

His first step, he said, would be
to shake up the Commerce Depart-
ment and put it to work to attract
new business to the anthracite and
bituminous fields.

He predicted that Philadelphia
would go Republican in the Novem-
ber election.

Wood said "the boys in Phila-
delphia told me we will win by
40,000." Democrats have said they
will carry the Quaker City by at
least 75,000 votes.

Once again Wood took issue with
the Democratic claims on the ex-
tent of the commonwealth's debt.

Wood said the state's indebtedness
as of Aug. 31 was \$405,337,864 in
stead of \$85 millions as claimed by
his Democratic opponent, Sen.
George M. Leader.

His figure, Wood said, does not
include the obligations of the Gen-
eral State Authority, Highway and
Bridge Authority and Public School
Building Authority which he ex-
plained does not involve the "full
faith and direct indebtedness" of
the state.

At the same GOP rally, Sen.
Edward Martin (R-Pa.) told a
home-town crowd that he has "never
known a candidate better qualified"
for governor than Wood.

The National Football League
record for the most forward passes
completed in one season is 210
by Sammy Baugh of the Washing-
ton Redskins in 1947.

Would Put Ban On Liquor Advertising

WILKES-BARRE, Pa. (AP)—The
Pennsylvania chapter of the Wom-
en's Christian Temperance Union
has been urged to join in asking
Congress for a ban on advertising
of alcoholic beverages in interstate
commerce and on radio and tele-
vision.

The appeal was made last night
by Mrs. Glenn G. Hays of Evans-
ton, Ill., national president of the
WCTU. She spoke at the 80th an-
nual convention of the state group.
The group reelected and installed
its entire slate of officers.

7,000 ATTEND CONVENTION

HARRISBURG (AP)—Officials of
the Northeast Poultry Producers
Council estimated Friday that total
attendance at the group's 14th an-
nual meeting here this year was
about 7,000.

The three-day program which
ended Thursday will be held in the
State Farm Show building here

again next year on Oct. 4, 5 and
6.

A Council spokesman said this
year's attendance was the highest
since the record 6,400 attendance
in 1951.

In the closing business session
of the meeting, the council reaf-
firmed its stand against price sup-
ports, subsidy payments and pro-
duction controls in the industry.

"We vigorously oppose any pol-
icy of price supports, subsidy pay-
ments or production control. With
equal vigor, we support those mea-
sures aimed to correct fundamen-
tal faults in the national economy,"
the group said in a resolution.

Waynesboro Hands Warriors 6-0 Setback On 3rd Period Score; Game Loosely Played

Gary Barkdoll, Waynesboro back, plunged across the goal line from the 4-yard marker late in the third period for the only score of a loosely-played game as the Indians downed the Gettysburg High grid-ders here Friday evening 6-0 before a slim crowd of about 1,800 fans.

The visitors dominated play throughout the entire evening and kept the Warriors back on their heels most of the time, smothering every attempt of the locals to get a sustained drive underway.

Early in the third period Jim Everly, Warrior end, blocked a punt by Jesse Crusey and recovered on the Indians' 25-yard line to give Gettysburg its lone real scoring threat but Waynesboro braced, took over on the 26, and then launched a sustained march which wound up with Barkdoll, a fine ball-carrier all evening, going over for the six-pointer. Pete Eden's kick for the extra point was wide.

Fumbles were frequent throughout the evening on the part of both teams, there being a total of 15, and a bobble in the first quarter halted a Warrior drive on the Waynesboro 45.

After a pair of punts were exchanged shortly after the opening kickoff, Gettysburg took possession on its 28. Ronnie Williams picked up 11 yards on his first try. Fred Furney and Joe Tonsel added five yards. Sam Staley dropped back to punt but a bad pass forced back to run the ball and he gained a first down on the visitors' 49. Two plays later GHS tumbled and Eden pounced on the ball on the Waynesboro 45.

Stough Intercepts
Shank, Rook and Barkdoll batted through for a first down on the Gettysburg 44. Shank swept left end to reach the 31. Another first down moved the ball to the 21 but Dick Stough speared a pass by Rook and ran back to his own 32 early in the second period to eliminate the threat.

Williams, Tonsel and Glenn Welshaar smashed out a first down on the Gettysburg 47 but Staley was soon forced to kick to the Waynesboro 20.

Two plays later the longest run of the evening took place. After Rook got four yards, Barkdoll broke through the right side of the Gettysburg line, got into the clear and sped downfield with a host of Warriors in pursuit. Don Smith, center, finally nailed Barkdoll as he reached the Gettysburg 10.

Everly Recovers
Shank battered through to the 1 on the first play. On the next he fumbled with Jim Everly pouncing on the ball just inches short of the goal. There plays later Staley booted out to his 37.

Everly came into the limelight again early in the third quarter when he blocked a punt by Crusey to recover on the Waynesboro 25 but the Warriors could not capitalize as the Indians took over on the 26 and they battered out five straight first downs to the 11 with Barkdoll finally going over from the 4.

Midway in the final period Stevenson recovered a fumble on the Gettysburg 20. The Warriors showed their best scrap of the evening on the next four plays as they tossed the Indian runners back to the 31 to take over. After picking up a first down to the 41 the game ended as Stuckey intercepted a Welshaar pass to race back to the Gettysburg 30.

Fourth Reverse
Waynesboro's split-T attack seemed to befuddle the locals with many pichtouts around the ends chewing up plenty of yardage from time to time.

The loss was the fourth in five outings for Gettysburg. Waynesboro's win, gives it a 2-2 season mark.

Next Friday the Warriors journey to Shippensburg for another non-conference game.

West York High At Biglerville This Evening

Biglerville High School makes its debut as a member of the Laurel Conference tonight when it is host to West York on the Canner field. The kickoff is scheduled for 8 o'clock.

The Canners, after two non-league reverses, will go after their first triumph of the campaign.

West York has played a pair of conference games, winning one and tying another.

STEELERS AND EAGLES MEET IN BIG GAME

By BEN PHLEGAR

The Associated Press

The Pittsburgh Steelers shoot for undisputed possession of first place in the Eastern Division of the National Football League tonight against the favored and unbeaten Eagles at Philadelphia.

In recent seasons the Steelers have played dead before the Eagles, losing 4 straight and 12 of their last 14. But the Pittsburgh club appears vastly improved with the addition of Johnny Lattner, the Notre Dame All America, and Walt Kiesling their new coach. Adding to their resurgence has been the return to form of quarterback Jim Finks.

The Eagles, however, maintain their favorite's role because of a stronger air attack and a strong defensive line which is quick to smother a passing attack.

The rest of the NFL action comes tomorrow with the big game at Detroit where the defending champion Lions will attempt to halt the invading Los Angeles Rams.

San Francisco, with a victory to go with the Los Angeles tie, will tangle with Green Bay at Milwaukee and should fatten its record against the winless Packers.

Cleveland's once-mighty Browns are prohibitive favorites to win their first game when they meet the twice-beaten Chicago Cardinals. The Browns dropped their opener to the Eagles and were idle Sunday.

Colts In Chicago

The Baltimore Colts, who surprised the New York Giants last Saturday, travel to Chicago to meet the Bears. Both clubs have 1-1 records with the Bears favored slightly to gain the edge over a club that beat them twice last season.

The Giants make their last road appearance before their opening home game when they meet the Redskins in Washington. The Skins have scored only 14 points in losing two games but could cause trouble if Choo-Choo Justice and Jack Scarbath catch fire. The Giants have split so far, beating the Cardinals before losing at Baltimore.

The alleged killer, Benito Rivera Mandanoras, 31, swung a baseball bat on police as they closed in on him and shouted:

"Come and get me. I did it."

Dollar bills were found in the clothes of each of the victims and police said the slayer put them there "to warn off evil spirits."

Slain in the savage assault, during which a small television set and several chairs were smashed to bits, were the child, Doris Rodriguez, Mrs. Sotera Torres, about 65, and teen-ager Ruth Lopez, a visitor to the four-room, fifth floor flat.

Midway in the final period Stevenson recovered a fumble on the Gettysburg 20. The Warriors showed their best scrap of the evening on the next four plays as they tossed the Indian runners back to the 31 to take over. After picking up a first down to the 41 the game ended as Stuckey intercepted a Welshaar pass to race back to the Gettysburg 30.

Texas Christian Stuns Southern Cal 20-7 Friday Night At L.A.

By JACK STEVENSON

The Associated Press

Texas Christian University's Horned Frogs joined football's giant killer list today after stunning previously undefeated Southern California 20-7 in an intersectional battle last night at Los Angeles.

Quarterback Ronnie Clinkscales, a 175-pound senior directing the split T offense, provided the spark that ignited the unpredictable but explosive TCU club. He streaked 60 yards for a touchdown the first time he carried the ball.

Then after USC had tied the count, Clinkscales took the kickoff 58 yards to set up the second TCU touchdown and he tallied the third on a four-yard jaunt around end.

Holy Cross Upset

The TCU upset topped a slim slate of Friday night battles that also saw Miami of Florida snap to life in the final period to beat Holy Cross 26-20; Presbyterian upset Davidson 10-7; and Denver came from behind to beat Montana 19-13.

"We knew all the time we had a good ball club," said Coach Abe Martin of TCU's Southwest Conference entry. The Horned Frogs had

thrown a surprise into Oklahoma's Sooners, rated No. 1 in the Associated Press poll before losing 21-16, but then lost 20-13 to an Arkansas team they were supposed to whip.

Southern California, winner of three straight and ranked No. 9 in the poll, thus went into the game favored by a couple of touchdowns. But the Trojans never head the Texans as an alert pass defense nipped scoring threats on three occasions.

10 Early Points

Miami, the 20-point favorite, had its troubles with Holy Cross and only a 66-yard march for a last period touchdown saved the Hurricanes. Quarterback Boboffio raced the final 36 yards for the score.

Presbyterian upset Davidson by the unusual method of turning two early safeties and one touchdown into 10 points. End Bobby Jackson accounted for both safeties smashing through Davidson's defenses twice in the first period.

Tonight's top games pit Auburn against Kentucky, Mississippi against Vanderbilt, Colorado against Arizona and Clemson against Florida.

RICHARDSON SAYS HE HAS CASH FOR A'S

PHILADELPHIA (AP) — Tommy Richardson, a minor league baseball mogul, says he has \$3,750,000 cash to plunk down for the Philadelphia Athletics franchise.

"I expect to be in Chicago Tuesday to ask the American League club owners to vote me the right to buy the franchise for my group," Richardson, president of the Eastern Baseball League, said yesterday.

Just before his statement came one from millionaire building contractor John McShain—who was believed to be Roy Mack's last hope to retain control of the club. McShain said he wanted out of the deal, that he's not interested, and doesn't expect to be.

Might Be Moved

But Richardson said "If they (the owners) give me the package, I can go out and sell it," adding:

"These people want to know what they are buying."

He said he would keep the club in Philadelphia if it was supported. However, he said, if Philadelphia wouldn't support the A's, he would move them to one of six other cities.

He listed the cities as Toronto, Montreal, Los Angeles, San Francisco, Houston and St. Paul.

He declined to give the number or names of the men in the group "willing to buy the A's if they give me the right deal."

Run Benefit Race In Reading Sunday

READING, Pa. (AP)—A star-studded entry list has been filled out for the 100-lap Bill Schindler Memorial Trophy big car race at the half-mile Fairgrounds track here Sunday.

The field includes Tommy Hinnershitz, four time Eastern AAA champion; Bob Sweikert and Duane Carter from the Indianapolis "500"; Joe Sotillo, winner of the first Schindler memorial race last year and current eastern champ; Ernie McCoy, second in last year's race; Danny Kladis, Buster Warke, Jiggs Peters, Joe Mattera and many others.

A percentage of the admissions will provide an education fund for the son of the late driver Bill Schindler.

Flaming Foliage Festival Is Opened

EMPORIUM, Pa. (AP)—The eighth annual Flaming Foliage Festival began here today with 36 pretty high school seniors vying for the coveted festival queen title.

The two-day event, noting the changing of color in the foliage in this scenic area, will close at Renovo with the crowning of a queen.

The program includes several luncheons and dinners and a motorcade trip tomorrow from here to Renovo, some 50 miles away.

The program is sponsored by the Bucktail Park Assn. and headed by Carl Bergdahl, association president, of Renovo.

Judge Coleman Lindsey yesterday sentenced Carl Jackson and Wilbert Smith to death.

Lightweights Will Fight On TV Spot

ROCHESTER, N. Y. (AP) — Cicso Andrade, an unbeaten lightweight who fights out of Compton, Calif., battles Henry Davis of Honolulu in a 10-round bout here tonight that will be nationally televised (9 p.m. EST, ABC). Rochester will be blacked out.

Andrade is a fast moving, smooth boxer, currently ranked as sixth contender for Paddy DeMarco's lightweight title. He has won 25 and drew one.

Davis has had nearly twice the number of fights that Andrade has, matching lumps with some of the lightweight division's best—deMarco, Arthur Persley and Johnny Gonsalves.

Leahy is here. Yesterday he addressed a noon meeting of steel executives. He didn't attend the Notre Dame workout. He carefully avoided a press party last night at which coaches of Notre Dame and Pitt were present.

"I'd better not go," Leahy told friends who tried to persuade him to do so. "It may not look exactly right. It may look as if I'm trying to horn in."

LEAHY KEEPING HANDS OFF OF IRISH COACHING

PITTSBURGH, (AP)—Win, lose or draw, young Terry Brennan is making the Notre Dame football team his full responsibility. There's no shadowy help from the old master, Frank Leahy.

Leahy, who retired at the end of last season, may be seen at every game—yelling himself hoarse and kicking up his heels. But no second guessing. No help from the sidelines.

"I think that's the way it should be," Brennan, Notre Dame's fledgling 26-year-old coach, said today. "It's my job now. I have to do it or not do it. There can be no compromise on it."

Looking For Upset

Brennan attempts today to bring the Fighting Irish back from a 27-14 defeat at the hands of Purdue. The Irish rule 19½ points favorite over a Pittsburgh team spoiling for an upset.

Leahy is here. Yesterday he addressed a noon meeting of steel executives. He didn't attend the Notre Dame workout. He carefully avoided a press party last night at which coaches of Notre Dame and Pitt were present.

"I'd better not go," Leahy told friends who tried to persuade him to do so. "It may not look exactly right. It may look as if I'm trying to horn in."

Stakes Winners In Jersey Belle Field

CAMDEN, N. J. (AP)—The \$25,000 Jersey Belle, a test of one mile and one sixteenth, for three-year-olds fills highlights today's opening card of the 25-day fall race meeting at Garden State Park.

The field for the Jersey Belle is replete with stakes winners. Among them is Hasty House Farm's Queen Hopefull who topped the Florida Oaks and the Black Eyed Susan; Foxcatcher's Farm's triple stakes winner, Parlo; Happy Hill Farm's June Pete; Walter M. Jeffords' Open Sesame; and Darby Dan Farm's Clear Dawn.

The fall meeting will be climaxed Oct. 30 with the running of the world's richest race, The Garden State, a \$100,000 added event that is expected to be worth \$239,965 at post time.

Hialeah race course, open all year as a tourist attraction, drew 199,060 visitors during the summer months (June, July and August). The folks come to look at the flamings and tropical landscaping.

9 ESCAPE CRASH
GUATEMALA (AP) — Lady Luck was riding with pilot Marco Antonio Asturias. His National Airline plane crashed into a house at La Florida, seven miles south of here yesterday but he, his co-pilot and seven passengers walked away unhurt.

The only occupant of the house was an eight-month-old baby found unhurt in its crib, amid the debris. Asturias' plane ran out of gas.

The average American who has reached 50 years of age can expect to live to be 75 years old.

Undefeated Littlestown Hi Gridders Rout Dallastown For 25-7, League Triumph

The unbeaten Littlestown High School Thunderbolts climbed into first place in the Laurel Football Conference Friday evening by defeating the Dallastown Wildcats 25-7 on Memorial Field at Littlestown.

Coach Wilbur Gobrecht's Thunderbolts lost little time in scoring their first touchdown early in the first period. After the Wildcats lost the ball on downs on the opening kickoff, Dane Loss punted to the Littlestown 36. Runs by Lenard Potter, Don Kump and Jim Zulick moved the ball to the 45. Jim Zulick, grabbing a pass for 55 yards from Don Kump, scored the first "Bolt" touchdown. George Snyder's kick for the extra point was low.

Midway through the first quarter, a fumble by Dallastown was recovered by Fred Busbey on the visitors' 35. Runs by Zulick, Potter and Kump placed the ball on the Dallastown one yard line. Jim Zulick, on a handoff from Len Potter, raced around left end to score. Snyder's kick for the extra point was good.

Late in the second quarter, Loss punted to the Littlestown 12 with Don Kump returning the ball to the 18. On the ground, the "Bolts" gained 39 yards and then a pass, Zulick to Kump, connected for 18 yards. On the following play, Kump took the ball over for the T.D. but officials penalized Littlestown 15 yards for illegal use of hands. Once more, on a handoff from Len Potter, Zulick raced 23 yards to score. Snqder's kick for the extra point was low.

The "Bolts" scored late in the third period after a punt to the Littlestown 32 was moved by the hard running Littlestown backfield to the visitors' 17. After a backfield in motion penalty, Fred Busbey, on a handoff from Don Kump, dashed 22 yards for the touchdown. Snyder's kick for the extra point was wide.

The Wildcats scored their only touchdown late in the final period after a Len Potter punt to the Dallastown 38. Shields, Loss and Wise took the ball to the Littlestown 32. On the following play, Dan Loss, on a handout from Dale Wise, raced around right end for 32 yards to score. The kick by Loss for the extra point was good.

Coach Gobrecht's second team played nearly half the game Friday evening. The subs, showing plenty of spirit, played good ball and promise to be of help in the forthcoming contests.

The victory gives Littlestown a record of three victories and one tie while Dallastown suffered its fifth setback of the season. Next week the Thunderbolts travel to Biglerville Friday for another league game starting at 8 o'clock.

At half time, the Littlestown High School band presented an alumni program for the Littlestown fans.

Survey Shows 40 Pct. Of Drivers Fail To Heed Stop Signs, Lights

By FREDERICK C. RUSSELL

Anyone who claims to understand all automobiles is either a psychiatrist or in need of one.

Stop Signs In Limelight

Motorism is plainly upset over a recent survey in Cook County, Illinois, showing that two out of every five automobile drivers do not pay heed to boulevard stop lights. This should be plain warning to everyone not to assume that the fellow coming down a side street or road is going to stop just because you have the right of way. You should be ready to stop if he chooses to ignore the stop sign, and it would be smart to remind him of the legal situation by sounding your horn. Obviously many drivers who are headed into a stop sign are not alert enough to see it, and it is entirely possible that not seeing another car coming along the boulevard they figure there is nothing to stop for anyway except their conscience or the strong arm of the law.

It is an extremely grave situation. It is fantastic that so many drivers are unwilling to play the game by rules set up for their own safety. Yet here are the cold facts. It is one reason why there is increasing support for the plan of eliminating stop signs in favor of a warning that will make it plain to the violator that he is automatically responsible if an ac-

cident happens.

Rough On Windshields

Some of the windshield damage which owners have complain about isn't due to failure to have the glass clean before starting the wipers but is due to the wiper arms being bent enough to scrape the glass. The same misbehavior occurs if there is incorrect wiper cable tension. Where anything like this is suspected take off the blades and hold the arms against the glass to see if they are concentric with it. The cable adjustment will call for the services of a mechanic. Incidentally, if observing the wipers as they operate always have the windshield both clean and wet.

Illustrates A Point

From time to time I have been pointing out that unless owners of cars with self-sealing inner tubes take care to withdraw any nails or sharp objects in the tire treads there's a good chance that these may eventually tear the tube. I therefore felt reassured to receive a letter from a doctor who reported having had a blowout with a self-sealing tube. No further damage occurred fortunately, but he has now joined the group of those who will watch this in the future. Perhaps he will go a step further and switch to tubeless tires which, while having self-sealing features, substitute the slow-out for the blowout in event of a bad cut.

"It's just a simple little process but whenever things do not go right with a repair job I follow the plan of loosening the troublesome part and then tightening it again. You'd be surprised how often this trick will check vibration or an annoying noise.

"This plan is essential when there is any evidence of misalignment between parts as between the engine, clutch and transmission. But it works well in many other areas of the car's anatomy. You might call it a process of starting all over again. I've used the rule when running into difficulties adjusting brakes or balancing a tire."

Key To That Squeal

Some of that persistent brake squeal has nothing to do with the thickness of the brake drums or the condition of the lining but is a direct result of failing to note that on some cars it is necessary to use a slightly different brake shoe clearance at the heel as compared with the toe, and only on the front brakes. Overlooking this has led many owners to go far afield in their efforts to check brake noise. It points up the need for having specific information about the particular car you drive. We are still not bound by standardization even though one often gets that impression.

Temperature As A Guide

Failure to have parts at the right temperature for adjusting continues to be one of the lapses in the work of keeping cars in good trim. Watch a seasoned mechanic and you'll find that he never attempts to adjust the carburetor until the engine has reached normal operating temperature. It is his rule also not to tamper with the brakes until they are at room temperature, or around 70 degrees. This rule eliminates the annoyance and expense of having the car misbehave when it is pressed into service even though it worked "perfectly" when in the shop.

Picked Up En Route

On the paper table mats used in one of the popular inns we learned that in 1621 a French innkeeper could be imprisoned if a customer complained of having a stomach ache after eating. . . . Those scratched discolored plastic windows in the back of convertibles can be cleared up with special plastic polishes which also effectively repel dust. . . . There is quite a trend back to the buttress-type of side wall for tires. . . . Newest in plastic sponges for washing the car have a curved shape for getting around the ends of bumpers and fenders.

Left Foot Comeback

I was riding with a transmission tester the other day and was pleasantly surprised to find how effectively he handled the car by keeping the left foot on the brake pedal and the right on the accelerator. It eliminated transferring the right foot from one pedal to the other, giving him truly split-second control. The car appeared to handle with increased smoothness, it being difficult to tell just when he was starting to accelerate or decelerate.

This is known in the trade as left-foot braking. There is also left-foot acceleration for those who find that on long trips the right foot becomes a bit weary of holding down on the accelerator pedal. We are obviously going through a period of transition in controls. It doubtless leads to some confusion at the moment, and some accidents can clearly be traced to drivers getting mixed up, but the long range view suggests that drivers will become more versatile.

Back To The Source

It's just a small item but if the battery doesn't seem to be getting sufficient charge and you are about to delve into the mysteries of the generator's regulator catch yourself and take a look at the battery posts and connectors. Better still, take off the connectors and make sure that they as well as the posts are clean and free of corrosion. It's basic with the electrical system that the battery must have the benefit of freedom from resistance at the posts, but in the general excitement the tendency is to jump into what often amounts to a mess of messing around with the regulator and other features of the system.

In The Motor Mail

Q. I should like to increase the stroke of the acceleration pump on the carburetor of my car. This would be desirable for better acceleration as cooler weather comes along. However, I fail to find where

HEALTH GUARDIAN
— Dr. Leona Baumgartner, Health Commissioner, who watches over New York City's residents, is the first woman to hold the high position.

the adjustment is located. K. N. McB.

A. The carburetor on your car has no such adjustment. In more recent years the trend has been away from an adjustable stroke.

Q. About how much air should be let out of a tube to reduce the pressure two pounds? J. M.

A. A surprisingly small amount judged by the time you hold the valve stem down to permit air to escape from the tube. Go easy here or you'll easily drop pressure a few pounds too many.

Q. A friend of mine says that on his car the pressure cap for the radiator doesn't pressurize the system until and unless the engine tends to overheat and the coolant to boil. This isn't the way I understand pressure cooling, and I'd like to know if he is correct. W. L. P.

A. The engine of his car does have this unusual system for helping to check coolant loss.

Q. What is the correct fuel pump pressure? N. L.

A. This will depend on the make and year of car, and is usually expressed in terms of a range of pressure rather than any specific pressure. On some of the larger motors, for example, the pressure should not be less than 4 pounds and not over 5. Pressure is around 3½ to 4 pounds on most cars.

Q. I notice that after I have completed a turn the front wheels of my car do not go back to the straight-ahead position of their own accord. The job is equipped with power steering which seems to work very well. L. K. B.

A. With such power assistance for the steering there isn't the automatic return to straight-ahead. It is just a matter of adjusting to the change.

Q. After a carburetor overhaul

Acquit Woman Of Attempted Murder

SALISBURY, England (AP) — A jury Friday acquitted Mrs. Mavis Wheeler of trying to murder her lover, Lord Vivian. But she drew a six-month jail sentence for wounding him and for illegal possession of a gun.

The shooting took place in a secluded country cottage last July as the climax to an evening in which Mrs. Wheeler, 39-year-old blonde divorcee, testified she was "muzzy from drink" and Lord Vivian, 48-year-old impresario, was "three sheets to the wind."

Nine men and three women were on the jury in the sensational love nest shooting. As a foreman announced the verdict a woman in the back of the courtroom sobbed "oh, no."

The automatic transmission doesn't seem to operate properly, although we did not tamper with the linkage. Now the car has no power when starting off but all kinds of pep when the transmission has shifted through to the fourth gear. Wm. K.

A. It will be necessary merely to reset the throttle linkage for the transmission, but you'll need a mechanic who fully understands this particular unit. In changing the gasket for the carburetor you disturbed the linkage adjustment.

Q. Is there any easy way to deflate the inner envelope of a safety inner tube so that is can be more easily removed from the tire? Even with the tube valve removed the air is slow coming out, and there is no way to squeeze the tube while it is inside the tire. G. N. H.

A. One trick is to attach a suction tube to the connection for the windshield wiper at the intake manifold. Running the engine for a minute or two will exhaust the tube.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford 7, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

WOMEN AND WHEELS

It's Not Your Sex, It's Your Personality

By MARY LOU CHAPMAN

You can make statistics prove almost anything. You can find some to "prove" that women are better drivers than men, or you can prove exactly the opposite.

But we don't want to heat up the old war between the sexes. We don't feel that being male or female affects the way you drive, really. We know some good ones and some bad ones of each kind.

It's not our sex, it's your personality that counts. It's the kind of individual you really are that affects your driving.

Some ladies we know just don't happen to be ladies on the highway. They honk at pedestrians and "hog" the road, showing their unladylike nature. And some gentlemen, who can be ever so charming and pleasant at a dance, drive like someone is stepping on their toes when they get behind the wheel of a car. They break speed limits, and generally behave as if they were at a jam session. Invariably, it's only a traffic jam session.

The Name's The Same

There is something about the completely anonymous situation of driving alone that makes these ladies and gentlemen think they can get away with murder—and sometimes, that's just what it is. Because the people in the other car don't know you, it's apparently all right to break all the rules.

The director of the Psychopathic Clinic of Detroit Recorder's Court maintains a driver behaves in a manner which reflects his true personality pattern. His personality does not change. But there is one significant difference. In his car he has more freedom of opportunity to demonstrate the presence of unsocial, irresponsible or even antisocial traits.

Bad Driver, Bad Guy

The clinic has found that prob-

WOULD APPEAL COURT RULING

PHILADELPHIA (AP) — Attorneys for a Michigan woman who seeks custody of her orphaned two-year-old granddaughter asked permission of Pennsylvania's Supreme Court Friday to appeal a Superior Court order granting custody of the child to her maternal aunt.

Mrs. Elizabeth Kovacs of Grand Haven, Mich., through her attorneys, Richard T. McSorley and John R. Carroll, filed a petition for allowance of an appeal against the order awarding custody of Patricia Ann Kuntz to Mr. and Mrs. Robert J. Stackhouse of Newtown Square, Delaware County, Pa.

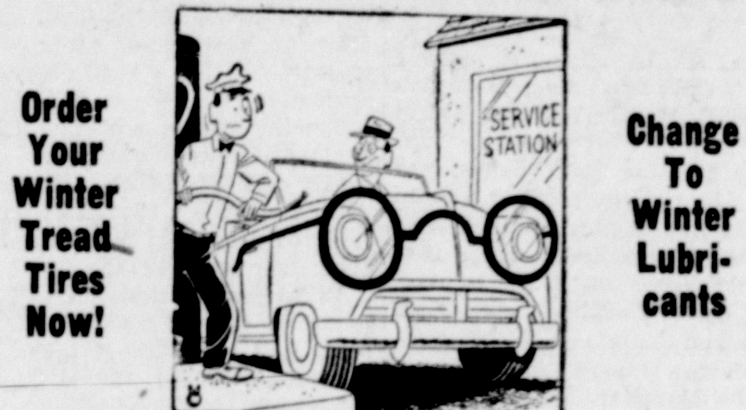

The petition said the appeal should be granted for two reasons: 1. The Superior Court held "that religion is not an all-important in determining the right to custody of a child."

2. That the Superior Court said that "relationship to the child is of no significance in determining the right to its custody."

Robin Roberts holds the National League record for most starts in the All-Star game. Roberts has been the starting pitcher in four of them (1950, 1951, 1953 and 1954).

High schools in the United States spend an average of \$90 to \$120 each year on protective clothing for a football player.

MY HEADLIGHTS ARE WEAK, BOB

O.K., mister, you came to the right place! In fact, they call us "headlight opticians" . . . we're so good at re-focusing jobs. It's done in a jiffy . . . and you'll drive off with your headlight "RIGHT" on the beam!

MENDES-FRANCE TURNSTATION FOR SUPPORT ON ARMAMENT PLAN

By CARL HARTMAN

PARIS (AP)—Premier Pierre Mendes-France turned to the nation today for support of his demand that Parliament give him a vote of confidence on the London plan for German rearmament.

He planned at least one radio talk and a concerted effort to win bumpy deputies into line before the issue comes to a vote Tuesday in the National Assembly.

Dramatically halting what threatened to become an all-night debate, Mendes-France told the assembly last midnight it must either agree to the nine-nation plan or get a new government.

Staking the life of his Cabinet on the results of the vote, he warned deputies that if they voted him out they might have to face new national elections.

The London agreements would permit West German rearmament as part of an expanded Brussels treaty organization and would give the West Germans full membership in the North Atlantic Treaty Alliance. They were drafted as substitute for the French-rejected European Defense Community Plan.

Mendes-France took a tough line with the assembly, which has held up German rearmament since 1950.

Wants Simple Approval

He told the deputies he would accept no resolution beyond simple endorsement of the London agreements and his own speeches in the debate. The issue, he said, was one of confidence in his government.

Acknowledging justification for French fears of German rearmament, the premier said the seven-nation European alliance proposed in the London agreements would give France more security than even EDC had offered.

In his plea for national unity, Mendes-France appealed for the support of those who had favored the EDC plan. Many EDC proponents have expressed reservations about the new defense scheme.

Little Enthusiasm
"It is a law of life," the premier said, "that nature does not move in jumps. The unification of a continent is something that takes a long time. We made progress toward building a united Europe at London."

Although some of Mendes-France's arguments hit home, the deputies showed little enthusiasm. Most of them were obviously depressed at the thought of voting

Suspected Slayer Awaits Arraignment

JIM THORPE, Pa. (AP)—Daniel Falcone, 48, sat in a Carbon County jail cell today awaiting arraignment on a formal murder charge in the church-door slaying of Matthew H. Danecker, 38, and his wife, Mildred, 36.

Falcone, captured Thursday outside a Wind Gap, Pa., general store, was scheduled to appear at a hearing before Justice of the Peace Ralph Richards in nearby Lansford.

Patrolman S. A. Hill of the Palmerton city police said he would file the charge of murder.

Danecker and his wife were shot down last Sunday as they walked together to the door of the Trinity Evangelical Congregational Church to attend evening worship. Mrs. Danecker had been a soprano in the church choir and her husband the choirmaster.

Weather Forecast

Extended Forecast for the period Saturday, Oct. 9 through Wednesday, Oct. 13:

Eastern Pennsylvania, Eastern New York and Mid-Atlantic States: Temperature will average 3 to 6 degrees above normal. Rising temperatures over the weekend, probably turning cooler about Wednesday. Little or no precipitation south, occasional rain likely in north Saturday and again Tuesday or Wednesday, totaling around 1/4 inch.

Western Pennsylvania, Western New York, Ohio and West Virginia: Temperature will average 3 to 6 degrees above normal. Warmer Saturday, warmer Monday and cooler Tuesday or Wednesday. Little or no precipitation south and about 1/4 inch in north Saturday and again Tuesday or Wednesday.

LATEST FILM-FLAM

HONEA PATH, S. C. (AP)—A film-flam skin game is being worked on TV sets here.

R. L. Beasley Jr. said a man appeared at his home while he and Mrs. Beasley were at work, told neighbors he had come in response to a call from Beasley to get his TV set for repairs, took it away and hasn't been seen since.

Triplets appear about once in every 9,600 confinements.

for the rearmament of Germany, which has invaded France three times since 1870.

In making the issue a matter of confidence, Mendes-France won two days time to rally public opinion. French parliamentary procedure requires one full calendar day between a request for a vote of confidence and the balloting. There can be no discussion Tuesday except for brief statements explaining party positions.

EXPECTS MORE INDICTMENTS IN HOUSING PROBE

By JOE HALL

WASHINGTON (AP)—Chairman Capehart (R-Ind.) said today he expects "a lot more" indictments to result from his Senate Banking Committee's investigation of post-war housing financed with government-insured loans.

The committee recessed four days of hearings here last yesterday. But Capehart ordered subpoenas for five witnesses to appear at a hearing Nov. 9. He emphasized.

Earlier, Capehart had indicated hearings were over except for persons who wished to testify because they thought they were injured in previous testimony.

Look For Bribery

A special federal grand jury here has been instructed by Atty. Gen. Brownell to "inquire into bribery and other criminal conduct in the federal housing program," and grand juries also have been convened in other cities.

Capehart said indictments are showing up almost daily and added, "there should be a lot more."

Brownell announced the grand jury here would inquire specifically into the conduct of Clyde L. Powell, ousted last April as assistant Federal Housing Administration commissioner in charge of the rental housing program.

Powell Won't Answer

Powell, three times a witness before the Senate committee, refused to answer questions. He claimed constitutional protection against possible self-incrimination.

The committee received testimony Powell had demanded and got \$10,000 to increase an FHA commitment on a Washington apartment project loan and that, in a 10-year period, he had banked \$138,000 more than his net federal salary.

Capehart said the banking committee could "go on for a year with hearings like we've had."

He told newsmen he would ask the Senate for authority and funds to continue the investigation all next year. So far, he said, the committee has received \$225,000.

Capehart said that while the public hearings are in recess, his staff will look into "some other irregularities."

Three of the witnesses to be summoned to the Nov. 9 hearing are Robert McCormack of nearby Arlington, Va., Louis Lesser, a Beverly Hills, Calif., builder, and Rocco De Grazia, described by Capehart as "a reputed gambler" in the Chicago area.

Father Loses Stork Race In Own Cab

PITTSBURGH (AP)—Cab driver James Kramer's first passenger yesterday told him to step on the gas. It was his wife and she was about to have a baby.

Kramer, 23, had just left for work when his 20-year-old wife, Wanda, shouted out of a window: "Jimmy, come back! I think it's time!"

When they pulled up at South Side Hospital Kramer got out of the cab with an 8-pound, 12-ounce baby girl—their first child. Both mother and baby are doing well.

**Communists Purge
Romanian Language**

VIENNA (AP)—Romania has re-modeled its grammar after the "Soviet pattern" and broken away from the "out-dated Latin tradition," Bucharest newspapers revealed.

The idea, said the papers, is to rid the Romanian language of "cosmopolitanism and idealism and introduce the teaching of Marxism."

Earlier this year, Romanian spelling was revamped to make it simpler and eliminate more than 10,000 French and Latin-sounding words.

Salary

Capehart said the banking committee could "go on for a year with hearings like we've had."

He told newsmen he would ask the Senate for authority and funds to continue the investigation all next year. So far, he said, the committee has received \$225,000.

RAINS, STORMS BLACK ROADS

MEXICO CITY (AP)—The Communications Ministry said yesterday virtually every major highway in Mexico is impassable in part because of rains and storms.

This includes sections of the Pan American Highway, and the major tourist routes from El Paso and Laredo, Tex., to Mexico City.

The ministry said portions of the

Cinad Juarez, Mexico Highway were blocked by landslides, and water washed out bridges.

The Puebla-Veracruz Highway leading to the important Gulf port city is blocked by landslides.

All traffic has been suspended between Mexico City and Tuxpan due to landslides and washouts.

MANCHESTER, Conn. (AP)—The Army-Navy Club has discovered that it owes 10 years rent. It leased the club from the town, but once the lease was signed nobody bothered about the agreed rental price—\$1 a year.
